If all our life is but a dream, fantastic posing greed
Then we should feed our jewelry to the sea
For diamonds do appear to be just like broken glass to me

And then she said she can't believe
Genius only comes along in storms of fabled foreign tongues
Tripping eyes and flooded lungs
Nothern downpour sends its love

Hey moon, please forget to fall down
Hey moon, don't you go down

Sugarcane in the easy morning
Weathervanes my one and lonely

The ink is running toward the page
It's chasing off the days
Look back at both feet and that winding knee
I missed your skin when you were east
You clicked your heels and wished for me

Through playful lips made of yarn
That fragile Capricorn
Unravelled words like moths upon old scarves
I know the world's a broken bone
But melt your headaches call it home

Hey moon, please forget to fall down
Hey moon, don't you go down

Sugarcane in the easy morning
Weathervanes my one and lonely
