Fall to your knees,
And kiss the ring.
The crowd's rejoicing.
All of my dreams,
Wake up to despise the world I've once loved.

Why would you bring me in,
If you knew what you'd become?
So curse everyone, and everything.
Even the sun.

Stall me, stall me,
I'm all in!
Stall me, call me up, or break me in.
A dark room in the wallflower garden of the party,
She's got four on the floor,
She's waiting to kickstart me.
So just stall me!

I had a rosy dream,
You gave up on you,
And I gave up on me, well,
Love came along and said, "Leave them be."
We were wrecked on every rocky tasted.
Light a cork, my pretty little angel.
I'm singing to empty bottles everywhere,
Everywhere.

Stall me, stall me,

I'm all in!
Stall me, call me up, or break me in.
A dark room in the wallflower garden of the party,
She's got four on the floor,
She's waiting to kickstart me.
So just stall me!

She counts on stars, astrology.
My moods are mercurial,
But I know Mercury.
Don't hold your breath.
Baptized in the river of you.

Hold on death, the moon,
the stars a sliver of you.

Stall me, stall me,
I'm all in!
Stall me, call me up, or break me in,
A dark room in the wallflower garden of the party,

Stall me, stall me,
I'm all in!
Stall me, call me up, or break me in.
A dark room in the wallflower garden of the party,
She's got four on the floor,
She's waiting to kickstart me.

She said she's got more where that came from to spark
me.
So just stall me!
