You said we will always together  
But why, now you leave me alone  
I don't why, because it's happen really fast

Reff: Why you leave me? Is that because you hate me?  
But, you said we will always together!  
It's The Truth Lie In A Song, It's The Truth Lie In A Song.  
Yeah...  
I Don't Know what to say  
I don't what to thinki don't know how to love someone  
like you  
Because It's The Truth Lie In A Song

Why this is really happen? why it's happen to me and  
you, oh why? Oh why?
