Please, leave all overcoats, canes and top hats with the doorman.
From that moment you'll be out of place and underdressed.
I'm wrecking this evening already and loving every minute of it.
Ruining this banquet for the mildly inspiring and...

When you're in black slacks with accentuating, off-white, pinstripes
Whoa, everything goes according to plan.

I'm the new cancer, never looked better, you can't stand it.
Because you say so under your breath.
You're reading lips "When did he get all confident?"

Haven't you heard that I'm the new cancer?
Never looked better, and you can't stand it

Next is a trip to the, the ladies room in vain, and I bet you just can't keep up with, (keep up) with these fashionistas, and
Tonight, tonight you are, you are a whispering campaign.
I bet to them your name is "Cheap", I bet to them you look like shh...

Talk to the mirror, oh, choke back tears.
And keep telling yourself that "I'm a diva!"

Oh and the smokes in that cigarette box on the table,
they just so happen to be laced with nitroglycerin.

I'm the new cancer, never looked better, you can't
stand it.

Because you say so under your breath.

You're reading lips "When did he get all confident?"

Haven't you heard that I'm the new cancer?

Never looked better, and you can't stand it

Haven't you heard that I'm the new cancer?

I've never looked better, and you can't stand it

Haven't you heard that I'm the new cancer?

I've never looked better, and you can't stand it

And I know, and I know, it just doesn't feel like a night
out with no one sizing you up.

I've never been so surreptitious, so of course you'll be
distracted when I spike the punch.

And I know, and I know, it just doesn't feel like a night
out with no one sizing you up.

I've never been so surreptitious, so of course you'll be
distracted when I spike the punch.

And I know, and I know, it just doesn't feel like a night
out with no one sizing you up.

I've never been so surreptitious, so of course you'll be
distracted when I spike the punch
