Please leave all overcoats, canes, and top hats with the

And from that moment, you'll be out of place and  
underdressed  
I'm wrecking this evening already and loving every

Please leave all overcoats, canes, and top hats with the  
doorman  
And from that moment, you'll be out of place and  
underdressed  
I'm wrecking this evening already and loving every  
minute of it  
Ruining this banquet for the mildly inspiring and

When you're in black slacks with accentuating off-white  
pinstripes, whoa-oh  
Everything goes according to plan

I'm the new cancer, never looked better  
And you can't stand it  
I know because you say so under your breath  
You're reading lips, "When did he get at all confident?"  
Haven't you heard that I'm the new cancer?  
Never looked better  
And you can't stand it

Next is a trip to the ladies room in vain  
I bet you just can't keep up with these fashionistas  
Tonight, tonight, you are, you are the whispering  
campaign  
To them, your name is "Cheap", and you look like sh--  
Talk to the mirror, choke back tears  
And keep telling yourself that, "I'm a diva."

Oh, and the smokes in that cigarette box at your table  
They just so happen to be laced with nitroglycerin

I'm the new cancer, never looked better  
And you can't stand it  
I know because you say so under your breath  
You're reading lips, "When did he get at all confident?"  
Haven't you heard that I'm the new cancer?  
Never looked better  
And you can't stand it

Haven't you heard that I'm the new cancer?  
I've never looked better and you can't stand it  
Haven't you heard that I'm the new cancer?  
I've never looked better and you can't stand it

And I know, and I know  
It just doesn't feel like a night out with no one sizing  
you up  
I've never been so surreptitious  
So of course you'll be distracted when I spike the punch  
And I know, and I know  
It just doesn't feel like a night out with no one sizing  
you up  
I've never been so surreptitious  
So of course you'll be distracted when I spike the punch  
And I know, and I know  
It just doesn't feel like a night out with no one sizing  
you up  
I've never been so surreptitious  
So of course you'll be distracted when I spike the punch
