Here, here in this heart  
It's cold, cold as stone

Must welcome these memories  
As shallow as my eyes have slowly become fright

Frail heart left broken  
Cold and numb  
For its bitter agony

Here are the memories  
As empty as my life has slowly become  
Sting, crush and bite in my soul, my heart bleeds

Times changed forever that night  
Leaving only empty memories  
Empty memories won't heal the pain

We know only sorrow  
There's no future in tomorrow  
All our hopes have buried to young  
For the years that should have followed

We know only hatred  
There's no future in our anguish  
For our hope was buried with life  
And reprisal will be ours

It's empty  
We're empty  
They're empty memories

Here, here in this heart  
It's cold as stone  
For no feelings there to warm

It is as empty as our dreams and hopes  
Now our future is gone  
It stings and bites in my soul, my heart bleeds

Times changed forever that night  
Leaving only empty memories

Time once changed forever that night  
Leaving me... No, no, no  
With empty memories  
Empty memories  
Empty memories
