If you don't see  
If you forget what you have  
Not just what you can get  
If you cannot embrace it, you will lose what gives you  
strength

Holding on to life  
Fortune lies within

You can never love if you are not in love with life itself  
If you cannot embrace that you will never find true  
strength

Holding on to life  
Passion within!

Chorus:  
Oh, feel the day  
Can you remagine yourself?  
Oh, taste the day  
Will you remagine your life?

Can you relish in your luck, can you?  
Or overcome your pain?  
Can you be happy?

Chorus:  
Oh, feel the day  
Can you remagine yourself?  
Oh, taste the day  
Will you remagine your life?
