"Is There Cream In This Soup?"

Visit "[Is There Cream In This Soup?](#)" on MotoLyrics.com

Is there cream in this soup?

I look in the mirror, I know I'm not good enough to eat
I'll tell you something, my hunger has nothing to do
with greed
So I bleed

This is junkie love when you've got no sugar
You behave like a wretch when you could be the
Buddha
You say it's you but I know it's me

Is there cream in this soup, is there truth in this lie?
A promise that was made in the strangest eye
Would you kill for love, can you go the mile?
Baby don't lie

Take the needle off the record, it's been playin' such a
long time
Take the needle off the record, I'm so tired of hearin'
that line
Same old line

I look in the mirror, I know I'm not good enough to eat
I'll tell you something, my hunger has nothin' to do with
greed
So feed me

This is junkie love when you've got no sugar
You live like a wretch when you should be the Buddha
You say it's you but I know it's me

Is there cream in this soup, is there truth in this lie?
A promise that was made in the strangest eye
Would you kill for love, would you do or die?
Baby don't lie

Take the needle off the record, it's been playing such a
long time
Take the needle off the record, I'm so tired of hearing
that line
Take the needle off the record, it's been playing such a

long time
Take the needle off the record, I'm so tired of hearing
that line

Lie, lie, lie
Lie, lie, lie
Lie, lie, lie

I never meant to hurt you, I don't know why
You come with your lawyers and your alibi
How can you look me straight in the eye
When you know your truth is a lie, lie, lie

Lie, lie
Lie, lie
Lie, lie, ohh

Take the needle off the record, it's been playing such a
long time
Take the needle off the record, I'm so tired of hearing
that line
Take the needle off the record, it's been playing such a
long time
Take the needle off the record, I'm so tired of hearing
that line, line, line

Spill now, scream now

Take the needle off the record, come on
Take the needle off the record
Take the needle off the record
