"Love is Cold"

You were never no good
You were never no good
You were never no good
You were never no good

Oh no, you say that love is wrong
'Cause, I know that love is strong
When you get it from some
They say that love is just thrown away
Did they ever love you my way

You were never no good
You were never no good
You were never no good
You were never no good

Oh no, someone is gonna pay
For taking my heart away
If it's love that you want to show
How am I supposed to know in my way

You were never no good
You were never no good
You were never no good
You were never no good

You were never no good
You were never no good
You were never no good
You were never no good

You were never no good
You were never no good
You were never no good
You were never no good

You were never no good
You were never no good
You were never no good
You were never no good

You were never no good

You were never no good
You were never no good
You were never no good

And did you say that love is wrong
You should have stayed away from the strong
Did you really need to feel that wicked emotion you
steal
You don't understand that you could no have love
In that superficial way
