My show

Put it down, they move this town
They follow with their eyes
Ice cold kisses, fierce surprise
A good, a good disguise
Is all you need to bleed a situation

You know

Pull it back and put on attack
Admission in your eyes
Ice cold kisses compromise
A good, a good disguise
Is all you need to bleed a situation

Let go

Put it down they move this town
They follow with their eyes
Ice cold kisses terrorize
A good, a good disguise
Is all you need to bleed a situation

(I could pull it with a bullet)
Down in seven, shine a light boy
(I could pull it with a bullet)
What a wasted revolution

(I could pull it with a bullet)
I'm a white boy, need confusion
(I could pull it with a bullet)
We're all out together, together forever

Put it down, they move this town
They follow with their eyes
Ice cold kisses, fierce surprise
A good, a good disguise
Is all you need to bleed a situation

(I could pull it with a bullet)
Down in seven, shine a light boy

(I could pull it with a bullet)
What a wasted revolution

(I could pull it with a bullet)
I'm a white boy, need confusion
(I could pull it with a bullet)
We're all out together, together forever
