No apology necessary shut your mouth
You've closed your mind
We've been walking this road forever
It don't lead to paradise
In the mirror your sad reflection haunting you
Now I see mine
Yes I see mine

And you just don't get it
But you just might regret it, you might regret it

Shooting the rainbows from the sky
Throwing your love to passers by
Begging forgiveness for your crime
Never prepared to do your time
It's always them and never you
'cause you're so see thru, I see thru you
('cause you're so see thru)

Ain't no use in demanding justice
You're a victim of your sight
I held you up when your heart was heavy
Now you never give me mine
In the mirror my sad reflection haunting me
One more time, one more time

And you just don't get it, do ya?
But you just might regret it, yeah yeah yeah yeah

Shooting the rainbows from the sky
Throwing your love to passers by
Begging forgiveness for your crime
Never prepared to do your time
It's always them and never you
'cause you're so see thru, I see thru you
('cause you're so see thru)

Shooting the rainbows from the sky
Throwing your love to passers by
Begging forgiveness for your crime
Never prepared to do your time
It's always them and never you
Boy you're so see thru, I see thru you

('cause you're so see thru)

You just don't get it, no you just don't get it
You just don't get it but you might regret it
You might regret it

Shooting the rainbows from the sky
Throwing your love to passers by
Begging forgiveness for your crime
Never prepared to do your time
It's always them and never you
'cause you're so see thru, I see thru you
('cause you're so see thru)

Shooting the rainbows from the sky - you're so see thru
Throwing your love to passers by
Begging forgiveness for your crime - throwing your
love to passers by, you're so see thru
Never prepared to do your time
It's always them and never you - never prepared to do
your time, you're so see thru
'cause you're so see thru, you're so see thru, yeah
yeah

Shooting the rainbows from the sky
Throwing your love to passers by
Begging forgiveness for your crime
Never prepared to do your time
It's always them and never you
'cause you're so see thru, 'cause you're so see thru
