You used to say, love and be loved  
All the time  
Till you discovered  
Feelings were a failure sign

When it rains it rains so hard  
The tears begin to show  
When it's raining in my heart  
I want the world to know

Life will never be the same  
As it was again  
Life will never be the same  
As it was again

Through my anger and my joy  
My tears and pain  
Life will never be the same  
As it was again

Beneath the sea of Hollywood  
Where Francis used to reign  
They trade their deepest wishes  
For a part in someone's game

Spirits die alone at night  
For life they cannot hold  
I would rather dance with you  
Than have a medal to show

Life will never be the same  
As it was again  
Life will never be the same  
As it was again

Through my anger and my joy  
My tears and pain  
Life will never be the same  
As it was again

We are just everyday people  
Not a theater company

Everyone wants to join us  
There's no fear in us you see  
That's me for you and you for me

Sun go east, sun go west  
Will I wear a medal again  
Sun go east, sun go west  
We can dance and bring on the rain

On the rain, on the rain  
On the rain, on the rain  
On the rain

Now I say love for love  
Not for a space in time  
The strangest things can shatter kings  
And take away what's mine

When it's raining in my heart  
I want the world to know  
I would rather dance with you  
Than have a medal to show

Life will never be the same  
As it was again  
Life will never be the same  
As it was again

Through my anger and my joy  
My tears and pain  
Life will never be the same  
As it was again

Sun go east, sun go west  
Will I wear a medal again  
Sun go east, sun go west  
We can dance and bring on the rain

Sun go east, sun go west  
Sun go east, sun go west  
Sun go east, sun go west
