And could I ever be myself in
Front of you and not act so different
I can try!

And when I'm not near you for lord
And you can say play this song
It's for you!

And I'll be the one who needs you more
Are you nervous just be still
Take your breath now and be you
'Cause I wouldn't have you any
Other way than but the way I met you

A sentimental feeling it's send to me
But that's relieving, it's so true
'Cause in this day you will see
Not everything comes so quickly
I can't help It!

And I'll be the one who needs you more
Are you're nervous just be still
Take your breath now and be you
'Cause I wouldn't have you any
Other way than but the way I met you
Are you're nervous just be still
Take your breath now and be you
'Cause I wouldn't have you any
Other way than but the way I met you
The way I met you, the way I met you...

Are you nervous?
Are you nervous?
Are you nervous just be still
Take your breath now and be you
'Cause I wouldn't have you any
Other way than but the way I met you
Are you nervous just be still
Take your breath now and be you
'Cause I wouldn't have you any
Other way than but the way I met you
The way I met you, the way I met you...
