Silent tunes of falling blood Silent signs of an ending life A life I carried on and now I find stranded

I've tried passing on this fear that cares my throat As a spectre, as life's decay I've wasted my life in vain

Sweet tunes of falling blood fading with my ending life now the blade caresses my veins

here she shows the colour red

Sister blade inside my skin shining guide to my last trip As my blood silently dance this wasted life is on his way

the last...

Suicide I'm falling Suicide this last life Suicide I'm leaving Suicide this call is mind Suicide Suicide Suicide
