"What If"

Visit "[What If](#)" on MotoLyrics.com

Only you, only you can reach that part of me
Na na na na na na
What I feel, what I feel, is not supposed to feel this way,
hey
And your kiss it sends me high
That temptation's hard to fight
I feel the lost, you feel it too?
Now can you please explain

[Chorus]

What if, I'd dare and look at you that way?
Id't still feel the way,
Would you, would you say hello to me
Or was this just meant to be, your love, whoa,
To be your love, whoa, to be your love, whoa
Or was this just meant to be, your love, whoa,
To be your love, whoa, to be your love, whoa
To be, to be, to be

People say I'm insane, it's the way that we play
, games,
What if things change
What if you never cross my way?
And your kiss it sends me high
That temptation's hard to fight
I feel the lost, you feel it too?
Now can you please explain

[Chorus]

What if, I'd dare and look at you that way?
Id't still feel the way,
Would you, would you say hello to me
Or was this just meant to be, your love, whoa,
To be your love, whoa, to be your love, whoa
Or was this just meant to be, your love, whoa,
To be your love, whoa, to be your love, whoa
To be, to be, to be

I know, I know , you never like
I know, I know that something feels so right
Is it,these things that I feel

Is it dream that becomes so real
And I like that, let's go with it from now
How far you wanna go?
Now can you please explain

[Chorus]

What if, I'd dare and look at you that way?
Id't still feel the way,
Would you, would you say hello to me
Or was this just meant to be, your love, whoa,
To be your love, whoa, to be your love, whoa
Or was this just meant to be, your love, whoa,
To be your love, whoa, to be your love, whoa
To be, to be, to be.
