Won't you call my private number?  
We can go play for the summer!  
We can drive around with the top down  
Stereo turned up loud with a fat sound  
Cause I'm yours to keep if you want to  
Cause I'm yours to keep if you want to  
But I hear that you wanna ditch me  
But you know I'm not such a bad seed.  
We can drive around with the top down  
Stereo turned up loud with a fat sound  
Cause I'm yours to keep if you want to  
Cause I'm yours to keep if you want to  
Won't you come on down to the freak show?  
He can sit along as my hair grows.  
We can drive around with the top down  
Stereo turned up loud with a fat sound  
Cause I'm yours to keep if you want to  
Cause I'm yours to keep if you want to
