My hopes are high but my eyes can't  
Believe what they see,  
Give me something to believe,  
Gime me something to believe,  
I got lucky in life and had plenty to eat and  
I saw this world as one big pool of opportunity  
But there's too much mind corruption,  
Too littleremedy (or that's how it seems to me)  
Yeah we need a moral education to  
Set the young minds free...

So let us change what we can and  
Accept what we can't  
Impart some of the wisdom  
From that tried and tested man  
There'no harm in being wrong you know no,  
In fact to me, it's common ground - yeah  
So take that feather from you cap sir,  
And pass that feather around...

My hopes are high but my eyes can't  
Believe what they see,  
Give me something to believe in,  
Gime me something to believe,  
My hopes are high but my eyes can't  
Believe what they see  
My hopes are high  
Give me something,  
Give me something to believe
