Found Out About You

All last summer, in case you don't recall,
I was yours and you were mine
Forget it all
Is there a line that I could write
That's sad enough to make you cry?

And all the lines you wrote to me were lies
Months roll past the love that you struck dead
Did you love me only in my head
the things you said and did to me
They seem to come so easily

The love I thought I'd won
You give for free

Whispers at the bus stop
Well, I've heard about nights out in the school yard
found out about you
found out about you

Rumors follow everywhere you go
When you left and I was last to know
Your famous now and there's no doubt
Of all the places you hang out
They know your name and they know what you're about

Whispers at the bus stop
Well, I've heard about nights out in the school yard
Found out about you
Found out about you

Street lights blink on through the car window
Time to often on AM Radio
You know it's all I think about
I imagining your name drive past your house
Your boyfriend's over I watch your lights go out

Whispers at the bus stop
Well, I've heard about nights out in the school yard
Found out about you

Found out about you
Found about you
