I believe that life is free
And I believe we're meant to be
As fine and lovely as you are
You're great to be around

And I believe our hearts can't find
The way to push back all that time
I believe in love
And I'm in love with you

When I saw you in that grocery aisle
You were walking that walk
Smiling that smile
One by one the years grow long
And away go all those smile

I believe our hearts can't find
The way to push back all that time
I believe in love
And I'm in love with you

When I saw you in that grocery aisle
You were walking that walk
Smiling that smile
One by one the years grow long
And away go all those smile

I believe we are brand new
Everyday you make it through
I believe in love
And I'm in love with you

I'm in love with you...
I'm in love with you...
I'm in love with you...
