I surrender, I know I've been a pretender
You can have this guilt this misery I wear so well
I wave my flag I sound the alarm
Somebody stop me before I do any harm
I surrender I know I've been a pretender
I'm living a dead life I'm staring into the headlights
Of a getaway car that'll take me out of my mind tonight
Crash and burn s.o.s. somebody help me get out of this
mess of a dead life
I'm burning under the spotlight

My heart is a fist drenched in blood
My soul will fight again
My heart is a fist drenched in blood
My soul will rise again

Take a look at these hollow eyes- one last look before I
say goodbye
To this candle-lit nightmare I feel like can never escape
So watch me fall from grace-watch me carve my hate
In the heart of a lover I feel I can never escape my fate

My heart is a fist drenched in blood
My soul will fight again
My heart is a fist drenched in blood
My soul will rise again

I see you on your cloud looking down
I am on my knees today but you don't notice me
You don't notice me

I see you on your cloud looking down
I am on my knees today but you don't notice me
You don't notice me

You don't notice me
You don't notice me
You don't notice me

I'm screaming while I pray
While I pray

While I pray
You don't notice me
I'm sick of you...
I am done with you...

I see you on your cloud looking down
I am on my knees today but you don't notice me
You don't notice me

My heart is a fist drenched in blood
My soul will fight again
My heart is a fist drenched in blood
My soul will rise again
