Why do I got to learn the hard way
Why do I got to burn my bridges down
Now that I feel so numb
Can't I just be me for fuck's sake
Maybe I don't have a purpose
Maybe I cut way too deep
Or maybe I'll scratch the surface
To find out that I'm not worthless

And I have never been so alive

I feel a fire burning underneath my skin
Now that I breathe in
I breathe you in
I feel a freedom from this hopelessness within
Now that I breathe in
I breathe you in

I should've stopped when I saw you break in
I should've stopped but I had to see it through
Now that I've come undone
I know why I've been forsaken
Maybe I'm too weak to hold you
Maybe I'm just out of range
So sorry I suffocate you
It must feel like I hate you

But I have never been so alive

I feel a fire burning underneath my skin
Now that I breathe in
I breathe you in
I feel a freedom from this hopelessness within
Now that I breathe in
I breathe you in

I've been afraid to show you what I'm made of
And all of this time what was I so afraid of
You never did anything to make me feel this way
To make me feel this way

I feel a fire burning underneath my skin

Now that I breathe in
I breathe you in
I feel a freedom from this hopelessness within
Now that I breathe in
I breathe you in

I breathe you in
I breathe you in
