I've got issues, so does everyone.
That never stopped you from sleeping with this loaded
gun.
I'm sorry for everything I have done (everything I have
done).

And now you're telling me
That I am the one that won't amount to no good.
I'd never die for you, not even if I could.
And I am the one that's always misunderstood.
I'd never die for you, even if I could.
Die for you, you know I never would.

Mommy's little monster,
Wrapped inside a box.
Can't forgive her,
She threw away the f'kng key.
I'll haunt her
For the rest of her life (for the rest of her life).

You're always telling me
That I am the one that won't amount to no good.
I'd never die for you, not even if I could.
And I am the one the one that's always misunderstood.
I'd never die for you, even if I could.
Die for you, you know I never would.

You know that I can never forgive you.
You wear it out.
You break me down (you break me down).

You're always telling me
That I am the one that won't amount to no good.
I'd never die for you, not even if I could.
And I am the one the one that's always misunderstood.
I'd never die for you, even if I could.
Die for you, you know I never would.

You know, you know I never would
You know, you know I never would
You know, you know I never would
You know, you know I never would
