You know I love it when your down on your knees  
And I'm a junky for the way that you please  
You shut me up when you swallow me down  
My back to the wall your going to town

I almost told you that I loved you  
Thank god I didn't 'cuz it would've been a lie  
I say the damndest things when your on top of me  
I Almost told you that I loved you

I hate to say it but it has to be said  
You look so fragile as I fuck with your head  
I know it shouldn't but it's getting me on  
If sex is the drug then what is the cost

I almost told you that I loved you  
Thank god I didn't 'cuz it would've been a lie  
I say the damndest things when your on top of me  
I Almost told you that I loved you

I'm not the one that you want not the one that you need  
My love is like a fucking disease  
You can give me your hand you can make your  
demends I'm the hardest fucker to please

Hey! Hey! Hey!  
Hey! Hey! Hey!  
Hey! Hey! AAAAAHH!

I almost told you that I loved you  
Thank god I didn't 'cuz it would've been a lie  
I say the damndest things when your on top of me  
I Almost told you that I loved you

(I'm not the one that you want)  
I almost told you that I loved you  
(Not the one that you need! )  
Thank god I didn't 'cuz it would've been a lie  
I say the damndest things when your on top of me

(I'm not the one that you want)  
I almost told you that I loved you

(Not the one that you need! )  
Thank god I didn't 'cuz it would've been a lie  
I say the damndest things when your on top of me  
I Almost told you that I loved you
