We live in a cold dark world with venom in its veins  
You can spit it in my face but I know I'll be okay  
It's on the attack, it's a war, it's a game  
A ball and chain, chew my arm off to get away

Don't fight it or deny it, invite it  
'Cause when it feels like a kick in the teeth I can take it  
Throw your stones and you won't see me break it  
Say what you want, take your shots  
You're setting me free with one more kick in the teeth

Na, na, na, na, na, na  
(Kick in the teeth)  
Na, na, na, na, na, na

I gotta say thanks 'cause you kick me when I'm down  
I'm bleeding out the mouth, I hope you know I'm  
stronger now  
I'm taking the hate, I'm turning it all around  
I won't go down 'til I'm six feet underground

Don't fight it or deny it, invite it  
'Cause when it feels like a kick in the teeth, I can take it  
Throw your stones and you won't see me break it  
Say what you want, take your shots  
You're setting me free with one more kick in the teeth

Na, na, na, na, na, na  
(Kick in the teeth)  
Na, na, na, na, na, na

What doesn't kill me only  
Will make me stronger in my head, in my head

'Cause when it feels like a kick in the teeth, I can take it  
Throw your stones and you won't see me break it  
Say what you want, take your shots  
You're setting me free with one more kick in the teeth

Na, na, na, na, na, na  
(Kick in the teeth)  
Na, na, na, na, na, na

Say what you want, take your shots  
You're setting me free with one more kick in the teeth

Na, na, na, na, na, na  
(Kick in the teeth)  
Na, na, na, na, na, na  
(Kick in the teeth)

Na, na, na, na, na, na  
(Kick in the teeth)  
Na, na, na, na, na, na
