[Verse 1]
When I was a boy
I didn't care about a thing
It was me and this world
And a broken dream
I was blaming myself
For all that was going wrong (going wrong)
I was way out there
On the wrong side of town
And the one's that I loved
I started pushing 'em out
Then I realized
That it was all my fault

[Chorus]
I've been looking for a lifeline
For what seems like a lifetime
I'm drowning in the pain
Breaking down again
Looking for a lifeline

[Verse 2]
So I put out my hand
And I asked for some help
We tore down the walls
I built around myself
I was struck by the light
And I fell to the ground

[Chorus]
I've been looking for a lifeline
For what seems like a lifetime
I'm drowning in the pain
Breaking down again
Looking for a lifeline
Is there anybody out there?
Can you pull me from this ocean of despair?
I'm drowning in the pain
Breaking down again
Looking for a lifeline

[Bridge]

You know a heart of gold
Won't take you all the way (all the way)
And in a world so cold
It's hard to keep the faith (keep the faith)
I'm never gonna fade away!
Yeah!

[Chorus]
I've been looking for a lifeline
For what seems like a lifetime
I'm drowning in the pain
Breaking down again
Looking for a lifeline
Is there anybody out there?
Can you pull me from this ocean of despair?
I'm drowning in the pain
Breaking down again
Looking for a lifeline
