It feels like the end of the world  
It seems like nobody cares  
Is it real, am I going insane?  
Am I ever gonna change my ways?

Isolated, separated  
Sick of the mess I created  
The pressure keeps rising  
When the truth is what I'm finding

We march out of the darkness  
We ravel in the flames  
The mission is accomplished  
I'm ready for the cage

And the only thing that will set us free  
Is living through the pain  
And the only thing that I cannot take  
Will never be the same

It feels like I'm still in a cage  
And I scream till I'm blue in the face  
Is it real or is it a phase?  
I think the time has come to change my ways

I'm ready, I'm willing  
To take what I've been giving  
The pressure keeps rising  
'Cause the truth is what I'm finding

We march out of the darkness

We ravel in the flames  
The mission is accomplished  
I'm ready for the cage

And the only thing that will set us free  
Is living through the pain  
And the only thing that I cannot take  
Will never be the same

And it's okay, it's alright

Just let go, you'll be fine  
It's okay, it's alright  
Just let go, you'll be fine

We march out of the darkness  
We ravel in the flames  
The mission is accomplished  
I'm ready for the cage

And the only thing that will set us free  
Is living through the pain  
And the only thing that I cannot take  
Will never be the same

And it's okay, it's alright  
Just let go, you'll be fine  
It's okay, it's alright  
Just let go, you'll be fine

It's okay, it's alright  
Just let go, you'll be fine  
It's okay, it's alright  
Just let go, you'll be fine
