I live the days of wars  
I live the nights of love  
I suffered to survive  
I gotta, gotta, gotta stay alive

I hear the battle cries  
The fists are in the sky  
I know what I'm fighting for

No more secrets, no more lies  
See right through your alibis  
Take a look into my eyes  
No more secrets, no more lies

No more secrets, no more lies  
See right through your alibis  
Take a look into my eyes  
No more secrets, no more lies

This is a call to arms  
It's time to go to war  
It's time to rant and rave  
Gotta, gotta, gotta make a change

Down on the Devil's street  
Is where everybody meets  
I know what I'm fighting for

No more secrets, no more lies  
See right through your alibis  
Take a look into my eyes  
No more secrets, no more lies

No more secrets, no more lies  
See right through your alibis  
Take a look into my eyes  
No more secrets, no more lies

What goes around, comes around, baby  
You'll get yours one day, that's right

I want it all, I want it now

Make no mistake  
Give it to me straight

No more secrets, no more lies  
See right through your alibis  
Take a look into my eyes  
No more secrets, no more lies

No more secrets, no more lies  
See right through your alibis  
Take a look into my eyes  
No more secrets, no more lies  
Lies, lies, lies

No more secrets, no more lies  
See right through your alibis  
Take a look into my eyes  
No more secrets, no more lies

What goes around, comes around, baby  
You'll get yours one day, that's right
