There's no money
There's no possessions
Only obsession.
I don't need that shit
Take my money
Take my obsession

I just wanna be heard
Now to clear all my words
Comin from within, man told them what you heard
It's the bottom revolution
In your heart and in your mind
Truth to find a conclusion
Lashed out an obsession
Diamond rings get you nothing but a life long lesson
And your pocket book stressin
Your a safe to the system and workin jobs that you hate
For that shit you don't need
It's to bad the world is big strong greed
Step back and see
Stop thinkin bout yourself stop thinkin bout

There's no money
There's no possession
Only obsession.
I don't need that shit
Take my money
Take my possession
Take my obsession
I don't need that

Cuz everything is nothing
Emptiness isn't everything
This reality is really just a fucked up dream
With the flesh and the blood you call you soul
Flip it inside out
It's a big black hole
Take your money burn it up like an asteriod
Possession, that your never going to feel the void
Take it, that way you'll learn the best lesson
The heart, the soul, the life, the passion

There's no money
There's no possession
Only obsession.
I don't need that shit
Take my money
Take my possession
Take my obsession
I don't need that shit

Money
Possession
Obsession

Present yourself
Press your clothes
Comb your hair
Clock in
You just can't win
Just can't win
The things you own
Own you

Take my money
Take my possession
Take my obsession
I don't need that shit

Fuck your money
Fuck your possession
Fuck your obsession
I don't need that shit

Money
Possession
Obsession
I don't need that shit
