Hit or miss, fuck a fight, it's time to live your life  
Go ahead, I know I'm right, I'm gonna lay it on the line  
Put yourself in my shoes, would you stand up for your  
rights?

Line 'em up and knock 'em down, I'm not running  
scared tonight

I have climbed these walls before  
And I'm not scared anymore  
There's a time to lead and a time to follow  
Because I won't take this anymore  
I've climbed these walls before  
There's a time to lead and a time to follow

I see the walls are closing in and I feel I am in danger  
My enemy is not alone in the mirror, there's a stranger  
As I tried to break out my panic led to fear  
Hopeless, I am alone, I'm afraid the end is near

The truth doesn't always have to hurt

I have climbed these walls before  
And I'm not scared anymore  
There's a time to lead and a time to follow  
Because I won't take this anymore  
I've climbed these walls before  
There's a time to lead and a time to follow

Stop looking and start seeing now, right now  
Stop looking and start seeing now, right now

The truth doesn't always have to hurt

I have climbed these walls before  
And I'm not scared anymore  
There's a time to lead and a time to follow  
Because I won't take this anymore  
I've climbed these walls before  
There's a time to lead and a time to follow

I have climbed these walls before  
There's a time to lead and a time to follow

I have climbed these walls before  
There's a time to lead and a time to follow  
And I'll never be the same  
And I'll never be the same  
Why does the truth always have to hurt?
