I got a one way ticket
On a hell bound train
With nothing to lose and nothing to gain
Nobody ever taught me how to live

I'm feeling like I'm lost
Like I'll never be found
I'm twisted and I'm turned around
Nobody ever taught me how to love

I'm hurting everybody
I'm hurting my self
I'm desperate

So what do you do
When it all comes down on you?
Do you run and hide
Or face the truth?

So what do you do
When it all comes down on you?
Do you run and hide
Or face the truth?

If you were to tell me
That I died today
This is what I'd have to say
I never really had the time to live

And if you were to give me
Just another chance
Another life, another dance
All I really wanna do is love

I'm hurting everybody
I'm hurting my self
I'm desperate
But what do you do
When it all comes down on you?
Do you run and hide
Or face the truth?

So what do you do
When it all comes down on you?
Do you run and hide
Or face the truth?

When all is said and done
You could be the one
With open arms, with open eyes

You're jumping off the edge
In hoping you can find
Except your fate for what it is
Into the great unknown, yeah

So what do you do
When it all comes down on you?
Do you run and hide
Or face the truth?

So what do you do
When it all comes down on you?
Do you run and hide
Or face the truth?

So what do you do
When it all turned around on you?
Do you run and hide
Or face the truth?

So what do you do?
What do you do?
What do you do?
Do you run and hide
Or face the truth

Got a one way ticket
On a hell bound train
With nothing to lose
And nothing to gain
