If you ever let me  
If you ever took your love from me  
I, I would never breathe again  
Don Æ™ t think I Æ™ d ever breathe again

I want to feel you near me  
I Æ™ m longing for your warming breath so  
I can breathe again  
I want to breathe again

I am like a ship without a rudder when I don Æ™ t  
have you  
Hopeless, lonely, man, don Æ™ t know what to do  
It nuh matter if mi surrounded by mi friends and crew  
Mi still breathless and desperate for something new

My Lord, change my heart I am not okay  
And it seem like mi need a spiritual x-ray  
And yu seh yu wouldn Æ™ t leave whether night or  
day  
I can do without you no way, no way, no way

If you ever let me  
If you ever took your love from me  
I, I would never breathe again

How can I walk without you di invincible  
How can I mi waan fi embrace yuh principle  
Break mi into syllables, teach how fi breathe again

Dangerous, dangerous very, very dangerous
