I can't sleep
Nor can I pull myself up
From my bed I'd need
Twice as much to get me
Through my day

I named this boy
I think he looks like me though
I know it's not for real
Though I know him twice as much as you...

Stay here with me
Believe in someday
You won't be afraid
For some unknown reason
You heel my head
Cos you're my legion

The sinking real
The thinking we'll be OK
Is this happening?
I could make a meal right from this lucid taste

Against the world
It's you and me we'll see the violins away
Just leave it to my reason cos I've let you down

We've been on hold,
You left us waiting here in the cold

Stay here with me
Believe in someday
You won't be afraid
For some unknown reason
You heel my head
Cos you're my legion

It's gonna take it's toll on you anyway
So you can feel it growing through anyway
It's better left unsaid then to make the wind change
You've seen this colour change youe views
Of what we need Anyway

A simple legion story to make my tears freeze,
It melts in seas and then
Someday you will find it

I can't sleep
Nor can I pull myself up
From my bed I'd need
Twice as much to get me
Through my day

Stay here with me
Believe in someday
You won't be afraid
For some unknown reason
You heel my head
Cos you're my legion
