This white trash sunset
no exit off of this freeway
this southern climate
humid kill vultures meal freeway
my redneck mistress
victory for those who leave this freeway
trailer suburbia
prison cell, part of hell freeway

state where fast is always slow
so the wind cant ever blow
hopelessly yours alabama

void of beauty for miles
three tooth smile, change the dial freeway
abandoned autos
one bedroom home for the drunk and stoned freeway
nothing ever sits just right
we'll escape this place tonight
hopelessly yours alabama
hopelessly yours alabama
hopelessly yours alabama
