"STAY FOR THE NIGHT"

The bottle of wine, it is empty
We've been drinking and loving a lot
He looks at me, as if to say:
Why don't you stay?
When she's talking to me in her gentle voice
I get a strange kind of feeling inside
If i should ask: "do you want to stay?"
What would she say
What would you do if i kissed you
What would you do if i turned off the light
What would you say if i should ask you
Will you stay for the night; I'll stay for the night
He's taking my hand and he whispers
"you're looking wonderful tonight!"
When i hold your hand, i undersand this feeling inside
I'd like to know more about her
When she smiles there's a look in her eyes
I'd like to be the one to see behind her mystery
What would you do...
The morning has broken
The windows are open

The sun shines into our room

I open my eyes and i soon realize

The one i need is here by my side

What would you do
