Never been this blue

Never knew the meaning of a heartache

But then again, I've never lost at love before

Somewhere down the road

Maybe all these years will find some meaning

I just can't think about it now, or live 'em out anymore

Chorus

Stand Tall, don't you fall oh, don't go and do
something foolish

you're feeling it like everyone, it's silly human pride

Stand Tall, don't you fall. don't go do something you'll
regret later

you're feeling it like everyone, it's silly human pride

Never lasted so long

Or through so much - or through so many

I just can't believe you could throw it all away

Sometimes late at night

when there's nothing here except my old piano

I'd almost give my hands to make you see my way

Chorus

Stand Tall, don't you fall oh, don't go and do
something foolish

you're feeling it like everyone, it's silly human pride;

You got me down on my knees for ya, mama

Stand Tall, don't you fall. don't go do something you'll
regret later

you're feeling it like everyone, it's silly human pride
