I didn't noticed that you had been broken,  
If I had been broken like you  
I would have fallen apart by now,  
But here you are wandering,  
Here you are believing  
Your secrets and whispers they're lying to you  
But I held your hand when you asked,

Calm down and tear the blue  
And I would go anywhere, anywhere for you,  
Calm down and tear the blue  
And I would do anything, anything for you,  
Just stay close

Cause you never noticed that I had been broken  
But you held the parts in your hands  
And I would say starlight would light up our paths  
But here you are stumbling,  
Here you are retreating  
Your secrets and whispers they're lying to you  
But I held your hand when you asked

Calm down and tear the blue  
And I would go anywhere, anywhere for you,  
Calm down and tear the blue  
And I would do anything, anything for you,  
Just stay close

I'd even cross out my eyes for you,  
Do I really need to cross out my eyes?

She lived her life, there was nothing to lose  
But I held her hand when she couldn't hold herself up  
again

Calm down and tear the blue  
And I would go anywhere, anywhere for you,  
Calm down and tear the blue  
And I would do anything, anything for you,

Your secrets and whispers they're lying to you

But I held her hand when she couldn't hold herself up  
again  
I would do anything for you  
I'd even cross out my eyes for you,  
Do I really need to cross out my eyes, for you?
