Look behind you,  
Avoid the shadows,  
Watch your back now,  
Make your breathing shallow.  
Keep your room locked,  
And leave the blinds closed,  
I'm right there staring at your window.

And all I need is you.  
And all I need is you.

I'm in the backyard,  
On the radio,  
I'm in your car,  
In your house,  
Waiting at your door.  
Under your footsteps,  
I'm everything you know.  
Just let me haunt, let me haunt,  
Let me be your ghost.

Let me be your ghost.  
Let me haunt, let me haunt,  
Let me be your ghost.

You had your chance love,  
You tried to stay strong.  
You tried to let go,  
Tell yourself you moved on.

But then it comes back,  
That feeling in your bones,  
Like I'm right there.

And all I need is you.  
And all I need is you.

I'm in the backyard,  
On the radio,  
I'm in your car,  
In your house,  
Waiting at your door.

Under your footsteps,  
I'm everything you know.  
Just let me haunt, let me haunt,  
Let me be your ghost.

Let me be your ghost.  
Just let me be your ghost.

I'm in the backyard,  
On the radio,  
I'm in your car,  
In your house,  
Waiting at your door.  
Under your footsteps,  
I'm everything you know.  
Just let me haunt, let me haunt,  
Let me be your ghost.
