Stop these lies and start again  
Break through bone and cut through skin  
See just where your heart has been  
With a trail left behind you  
Oh it takes no time to make things clear  
I might be blind but I can hear  
By the sound of things I'm losing sleep,  
For all the right reasons.

And it goes down hard, for me  
That you just don't, seem to see  
At the top you'll, you'll always be  
Looking down  
Oh, to find yourself  
So tell me when you get it.  
Tell me when you get it

When you stop your heart to make some space  
For shallow drinks and social games  
Kept it for reminders sake  
Up to far but I found you...

And it goes down hard for me.  
That you just don't, don't seem to see  
At the top you'll, you'll always be  
You'll be looking down  
Oh to find yourself

Ohhh, whoa whoa ohhh  
Ohhh, whoa whoa ohhh  
Ohhh, whoa whoa ohhh  
Whoa ohhh

And it goes down hard for me  
That you just don't seem to see  
At the top you'll always be  
Looking down...  
Oh, to find yourself.

So tell me when you get there...  
Please tell me when you hit the ground.
