Well I go house to house and knock on every door,
I take down all the walls and stare up every floor,
Just to figure out, oh what we're fighting for
And all I can do,
Is sit and let the air speak for you

Cause when words meet heartbeats
Baby C'mon
You know it's not even fair
And I'm first round, knock-down (baby) the floor
You know I'm already there
And the sun sets high, and that moon is low
Cause when words meet heartbeats
Baby you'll know

Well there's silence now
There's nothing more to gain
And it isn't right if I can't run away...
Because it kills the mood
When there's nothing left to say
And all I can do,
Is sit and let the air speak for you...

Cause when words meet heartbeats
Baby C'mon
You know it's not even fair
And I'm first round, knock-down (baby) the floor
You know I'm already there
And the sun sets high, and that moon is low
Cause when words meet heartbeats
Baby you'll know

And I'm not too tired, I'm not too tired to know what
you're doing
And I'm not too tired, I'm not too tired to sing
And I'm not too tired, not too tired to know what you're
doing (with me)

Cause when words meet heartbeats
Baby C'mon
You know it's not even fair
And I'm first round, knock-down (baby) the floor

You know I'm already there
And the sun sets high, and that moon is low
Cause when words meet heartbeats
Oh when words meet heartbeats
Oh when words meet heartbeats
Baby you'll know
