Junior high played them
High school played them
College well, you know, played them
Me and my friends used to laugh about it, how we fade
em
Now cupid's aiming his arrow right there at me
No more nonchalance can I be, with you here starring
at me
With the most beautiful eyes that a n-gga ever see
You pull an emotional vibe from my soul, look at me
You got my heart beating like my back is filled with
batteries

For the first time I'm in love,
And I wanna tell everybody
And I wanna tell everybody (what I'm feeling)
For the first time I feel love
And I wanna tell everybody
And I wanna tell everybody

Not so fast, Cole got a whole lotta lotto cash
Life of a bachelor light skinned rapper found a top
model with a Tahoe
With a broad so bad
When she cross your path
You get outta them jeans you be thinking about rings
Ok she don got your ass
Cupid don shot your ass
But I'm trying to be a G tho
See yea I'm gunna holler yeah I'm gunna collar (call
her)
But I aint got a leash tho
I put a name on a lease tho
Get an extra set of my keys for
I think I might wife it now
Life is foul and you don't got a free throw
And so my next move is gon' have to be my best move
Beside every king is a bad bitch queen so girl lets get
this chess move

For the first time I'm in love,

And I wanna tell everybody
And I wanna tell everybody (what I'm feeling)
For the first time I feel love
And I wanna tell everybody
And I wanna tell everybody

Now baby, baby
You doin things with my heart aint never felt, it's so
crazy
I'd trade your love(?) if you gunna let it change me, I
was so mistaken
Your love like a billy coupe, took me out of a mercedes

Now baby baby,
For so long I miss somebody
My heart just couldn't played with it
I went from not wanting a girlfriend to needing ya lady
I didn't think I'd ever see
Me callin to you, you voice before I go to sleep

For the first time I'm in love,
And I wanna tell everybody
And I wanna tell everybody (what I'm feeling)
For the first time I feel love
And I wanna tell everybody
And I wanna tell everybody

I ain't never looked into a woman's eye worth of fire
Bet I'm feelin while you holdin' me begging to take you
higher
For so long I wasn't faded, I couldn't admitted before
But now I see what life's about, and I'm never goin' let
you go
Girl I'm growin' (don't wanna be selfish, I wanna be
more accountable)
I see us growing (?) don't wanna miss out on a feeling I
never had before
I got to tell the world, somebody gotta know
What you'da done to me, I gotta let'em know

I'd swore I'd never fall
But I fell, run and tell
All my old bitches
Erase none of my old photos
Baby girl a part of me but
Don't text stop calling me
I aint your (n-gga) don't bother me
(F-ck) your twitter don't follow me
My new girl too thorough
But believe it or not she's all I need
Thought I was a player R.I.P

Down goes Frazier call Ali (famous boxing match)
Lets hit the mall and it's all on me
Cuz girl you deserve it
If I take this chance and make these plans
I gotta know girl is you worth it (perfect?)
