[ALL]

Ooh getcha body, body  
Come getcha body, body  
(Repeat x 2)

Verse 1 [SIAN]

You wanted to get out, so you got out  
I wanted to talk, so you ran out  
Come chasing after me with a box of chocolates  
Stop playing my heart with all your politics (x 2)  
Now...

[EMILY]

You made it kinda hazy in your smoke filled room  
I never really understood what you were going to do  
But I guess that's just you (x 2)  
Promises, promises, yeah I promise you

Bridge [BIANCA]

I promise you, you'd regret the day that we part  
Cos when he walked in butterflies took over my heart  
He's the one that I've been looking for from the start  
When I say...

Chorus [ALL]

I need a boy like you, like you yeah (x 2)  
I need a boy who truly understands how to treat a  
woman  
And never let me go

Like you, like you yeah  
I need a boy like you, like you yeah  
I need a boy who will wrap me up tight, just the way I  
like  
And never let me go, like you

[ALL]

Ooh getcha body, body  
Come getcha body, body  
(Repeat x 2)

Verse 2 [LAUREN]

I was standing there for you to let me know  
You're too scared to love me then let me go

[JESSICA]

So don't you look at me and bite your bottom lip  
I can't even hear you cos you're mumbling, m-m-m-  
mumbling

Bridge [BIANCA]

I promise you, you'd regret the day that we part  
Cos when he walked in butterflies took over my heart  
He's the one that I've been looking for from the start  
When I sayâ€

Chorus [ALL]

I need a boy like you, like you yeah (x 2)  
I need a boy who truly understands how to treat a  
woman  
And never let me goâ€

Like you, like you yeah  
I need a boy like you, like you yeah  
I need a boy who will wrap me up tight, just the way I  
like  
And never let me go, like you

[ALL]

Ooh getcha body, body  
Come getcha body, body  
(Repeat x 3)

Middle Eight [ALL]

Hey boy you know there's nobody else I would choose  
Your words stop me from burning, I'm returning for you  
Don't stop what you're doing, just keep doing what you  
do, doing what you do  
Need a boy like you

Baby I can do all I can to keep us on track  
I've really fallen for you, I don't know how to act  
Keep doing it like this, keep doing it like that, just do it  
like that

Chorus [ALL]

I need a boy like you, like you yeah (x 2)  
I need a boy who truly understands how to treat a  
woman  
And never let me goâ€

Like you, like you yeah

I need a boy like you, like you yeah  
I need a boy who will wrap me up tight, just the way I  
like  
And never let me go, like you
