I'll confess tonight your all that's on my mind  
I know these roof top nights could last forever  
We watched the seasons change,  
We saw the distance pull us away,  
From all we shared together

Right now is all we have  
You better make this count  
These are the moments I wish I could forget you.

I think back to the nights  
I looked into your bright green eyes and you said, Lets  
run away.  
Tts 9am the sun wont rise for 3 more hours pacific time  
you said  
Lets run away

I picked apart every word that you said  
I dissected each sentence but kept coming up empty  
The way you are leaves me counting the days  
Till the next time this distance will be a memory

Right now is all we have  
You better make this count  
These are the moments I wish I could forget you.

I think back to the nights  
I looked into your bright green eyes and you said,  
Lets run away  
It's 9am the sun wont rise for 3 more hours pacific time  
you said  
Lets run away

Where have you been? (where have you been?) x3  
Where have you

I think back to the nights  
I looked into your bright green eyes and you said,  
Lets run away  
I think back to the nights  
I looked into your bright green eyes and you said,  
Lets run away

It's 9am the sun wont rise for 3 more hours pacific time  
you said  
Lets run away
