Intro:

Oh lala bagladash
New cupid
Let me see you spin the bottle

Where she stops nobody knows
Soon as she gets on the floor (oh)

Where she stops nobody knows
Soon as she gets on the floor (oh)

Where she stops nobody knows
Ohhh Ohhh Ohhh
Soon as she gets on the floor

When she walks she leaves a trail of fire (fire)
Eternally burnin my soul (oh)
Fulfillin my every desire (desire)
How she does it nobody knows
From the side so fine
From the front she is a dime
And who from behind (Spin that thang around the
clock)
Baby take your time
The way you make it wind
And when you get to me then (stop!)
I Love to see your body movin' (yeah)
Twistin and turnin to the music (yeah)
The way you take it to the floor
You make me say ohh oh oh oh ohhh

Seein all your chicks

Let a young cat handle you
