Visit "[The Afterlife](#)" on [MotoLyrics.com](https://www.motolyrics.com)

Trapped down here in purgatory  
Hypnotized by a force beyond believe  
Blurring features - Scaring flesh  
I'm all alone as the nightmare begins...

See my life now passing by, images so real  
The sins I have committed, forever haunting me,  
All along the road of torture, leave this world behind  
Fear of the beyond is taking hold of my mind

The Afterlife  
This is the Afterlife

A thousand voices call my name  
They echo through the hall  
Grasping hands - creaking floorboards  
Into the void I'm gonna fall

No light at the end of the tunnel  
No hope at the end of the road  
Falling into fire  
Burning in this hell  
Take me back to reality  
Someone break the spell
