Im Herzen ein Schlo?, verborgen und kalt
Umgeben von Stille und endlosem Wald

Im Herzen ein Schwert, erhaben und stolz
Wer k?sst meine Burg aus Sonnenholz
Im Herzen ein Gott, verloren und arm
Nur deine Flammen halten mich warm

Forever the echoes of the sunrise eve
They still vibrate in my ears
If a maiden opened the primeval gate
This world would freeze in divine fear

Nocturnal windows
Corners to sleep
Dark illustrations
Funeral leap

Let's dance as if the sky would tear us apart

All thine crimson pearls do flow
Into a fairyboat of love
Where fiery odes unveil their splendour
Rise tranquil utopia
Misanthropic borders clash
While fever turns to rain
Like feathered snow in summer's dress
Your pulse should beat in shame

Let's dance as if the sky would tear us apart

Join thy sunset funeral
Unsheltered tragedy indeed
We hold the rose and praise ourselves
We children of the postdawnseed

Join thy sunset funeral
Unsheltered tragedy indeed

Mein Bronzeleib auf welkem Laub
Am letzten Sommertage
D?monen z?rnen ehern taub

Der Sonnenweltensage

Sunset funeral
