### "A Christmas Gift"

If you sat beneath the Christmas tree, you'd surely add  
to the colors  
But even if you were gift wrapped, I couldn't love you  
more

This holiday... this holiday  
Hold me tight, you wonderful thing  
Be my Christmas gift that surely brightens up my day

You have to know that if I had you, I'd have the gift I'd  
most adore  
Better than anything, better than anyone else.

This holiday... this holiday  
Hold me tight, you wonderful thing  
And be my Christmas gift  
Hold me tight, you wonderful thing  
Be my Christmas gift that surely brightens up my day

This holiday... this holiday  
Hold me tight, you wonderful thing  
And be my Christmas gift  
Hold me tight, you wonderful thing  
Be my Christmas gift  
Hold me tight, you wonderful thing  
Be my Christmas gift  
Hold me tight, you wonderful thing  
Be my Christmas gift that surely brightens up my day
