### "The Weakest"

Let your arms and eyes  
Reach for the sleeping  
The helpless one the weakest one  
Let him sleep and sleep  
And sleep in your arms  
Like the very first baby  
The weakest one  
The helpless man  
The weakest one  
His life is a wishing well  
Filled with all the dreams  
That you can give  
That you can bare  
That he can live  
That you can care  
Let yourself be within reach  
For this helpless man  
This weakest one  
The helpless man  
The weakest one
