

Paralysed Age

"Abstraction"

Visit "[Abstraction](#)" on MotoLyrics.com

Deathly hatred of life
Life with a hatred of death
Ritualistic slaughter of good
Unrelenting torture

BRIDGE

Condemnation, a raging fire
Eternal damnation of the soul
Effected by a carnal existence

REFRAIN

Hideous laughter, mockery of faith
Demonic powers, spell of hate
Judgement to come, imminent danger
Life without God, perpetual stranger

Building on the evil
Established by the sin
Constant infernal practise
Misery sets in

You suffer a spiritual blind deception
But God awaits a response
To the sacrificial death
Of the Lamb of God

BRIDGE

God's redemption rescinds the fire
Eternal salvation of the soul
Effected by an altered existence
