Look she moves her arm  
Like morella like morella  
Look she moves her fingers  
Like morella like morella  
Like she had morellas hand  
Look how she sighs in her sleep  
Like morella like morella  
Look how it heaves her body  
Like morella like morella  
Like she sleeps morellas sleep  
And the moon...  
Oh why oh how wake up  
Don't sleep morellas sleep  
Please don't go  
Like morella like morella  
I will wet your fevered head  
Like morellas like morellas  
I will stay here at your bed  
Like morellas like morellas  
Like you're in morellas bed  
Awake please open up your eyes  
Like morella never did  
Awake the colour of your smile  
No morella never had  
Your eyes morella never had  
And the moon...
