I feel you in these empty rooms  
Like a miracle of long gone times  
Always in my mind  
So deep in my soul  
Such a permanence A teardrop in my eyes  
You're far away now But deep in my heart  
You're just like a ghost to me  
A picture of a secrecy  
I'm falling, I'm falling  
Into the deep blue sea of my dreams  
I'm drowning, I'm drowning  
The waves will catch my holy life  
I'm falling, I'm falling  
Into a never ending dream  
But not losing, I'm not losing  
These shapes in the mirror and your coldest smile  
I feel you but the days are nights  
Like in mysterious dreams  
With landscapes of cold  
And what ever I do  
Darkness lies around  
Like a shadow at my side  
A devil in my soul
